

New Poag Road Widening & Resurfacing

A section of New Poag Road is scheduled to be widened for the addition of a turn lane into a new student housing development beginning in April, 2018. The widening project is located on New Poag Road, beginning at the traffic signals at NW University Dr and Puma Blvd and continues to the east for approximately 0.3 miles.

During construction, New Poag Road will be reduced to one lane. The Road will remain open, with minor delays possible.

The project is anticipated to be completed in July 2018.
